#### REPORT OF THE SUPERINTENDENT OF SCHOOLS

Leyden is a beautiful name - for small cities in England and the Netherlands, a quaint street in Plymouth, Massachusetts, and our picturesque town. However, it is not a magic name to teacher candidates and this past summer we had a critical problem in finding the fully qualified, certified, and experienced teacher we felt we needed here, and we would not compromise on employing anyone falling short of our high standards. We thus felt ourselves quite fortunate, only shortly before the opening of school, to be able to employ Mrs. Tooley. She is a fine teacher, dedicated to her work, and just the person to complement our already superior staff. Only teachers with great love for children will agree to teach classes of over thirty pupils in triple grades. It is frustrating for them not to be able to do the best for every youngster because of limitation of time and space, and yet they do their best every day.

Thus we have suggested to you the reduction from "triple grades" to "double grades" for next year, that each of our three teachers have only slightly over twenty pupils so they can give the individual attention which is so necessary in quality education, and that we employ a part time kindergarten teacher. Ideally this would be accomplished by the addition of a classroom, either permanent or temporary, to our present school. A compromise solution is the location of one of the double grades in another town facility as close as possible to our schools. Then we can hope that our excellent staff will remain with us and that their jobs will be more satisfying.

We continue to be well pleased with the operation of our cafeteria by Mrs. Brooks, of our building under the care of Mr. Barton, and of our busses by Mr. Weaver.

My happiness with the work of all associated with our school is tempered with deep regret that the Chairman of our School Committee, Mr. Harold Johnson, is not seeking re-election. His membership on both the town committee and the P.V.R.S. Committee has been of great help to me and we will certainly miss his services. His advice will still be available to us through his continued connection to schools within our Union.

I thank you all for your patience with me during my first six months with you.

Sincerely,

Kenneth H. Sheetz Superintendent of Schools

### THE COMMONWEALTH OF MASSACHUSETTS

Franklin, ss.

To Spencer C. Howes, Constable of the Town of Leyden

Greeting:

In the name of the Commonwealth you are hereby directed to notify and warn the inhabitants of said Town, who are qualified to vote in elections and in town affairs, to meet in the Town Hall Saturday, the second day of March next at eleven o'clock in the forenoon, then and there to act on the following articles:

ARTICLE 1 To choose all necessary town officers for the year ensuing:

One Moderator for one year

One Town Clerk for one year

One Town Treasurer for one year

One Selectman for three years

One Assessor for three years

One School Committee for three years

One Auditor for one year

One Tree Warden for one year

One Collector of taxes for one year

One Trustee Robertson Memorial Library for three years

One Constable for three years

and fill any vacancies that may occur.

ARTICLE 2 To see if the town will vote to authorize the treasurer with the approval of the selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1. 1968 and to issue a note or notes therefor, payable within one year, and renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 3 To see if the town will vote to accept the report of the Town Officers for the year 1967 or pass any vote or votes in relation thereto.

ARTICLE 4 To act on the list of jurors as posted by the selectmen.

ARTICLE 5 To see if the town will vote to raise and appropriate money for the necessary expenses of the town, or pass any vote or votes in relation thereto.

ARTICLE 6 To see if the town will vote to appropriate from the Quintus Allen money the sum of \$850.00 and raise and appropriate a sum of money for the maintenance of schools during the current year.

ARTICLE 7 To see if the town will vote to raise and appropriate the sum of \$30324.16 as Leyden's share of the Pioneer Valley Regional School District budget for 1968.

ARTICLE 8 To see if the town will vote to raise and appropriate a sum of money for workmen's compensation insurance, or pass any vote or votes in relation thereto.

ARTICLE 9 To see if the town will vote to appropriate from the overlay surplus the sum of \$450.00 for a reserve fund as provided in Section 6, Chapter 40 of the General Laws.

ARTICLE 10 To see if the town will vote to fix the salary and compensation of all elective officers of the town as provided by Section 108, Chapter 40 of the General Laws as amended:

## REPORT OF LIBRARY TRUSTEES

During the year 142 books were added to the library and 117 with-drawn.

The total circulation for the year was 4341, of which 1705 was adult and 2636 was juvenile.

In January of 1968 a new library service was started. A collection of books is being maintained at the school and changed periodically.

While the 3rd. and 4th. grade classes were being held at the Town Hall they visited the library every other Wednesday to pick out their own books.

Broken slates were replaced on the library roof and the chimney flashing repaired. One interior light had to be rewired; a wall plug installed and new wiring added in the cellar. Another bookcase was built and window boxes were added to the front of the building to make it more attractive.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Leyden:

We are pleased to report that 1968 saw the adoption of a fine new reading program in the elementary schools of Union #18, following a Summer Reading School in every elementary building of our five towns, which proved to be of great value.

Not only were we able to double our art program, but to improve our music program as well and provide greater service from our reading specialist. And our physical education program gets even stronger.

We also established the first Special Class in Union #18, where a low pupil-teacher ratio enables the specially trained teacher to give more individual help in those areas where pupils most require it.

We are happy that we have been able to carry this educational philosophy over into our other class work as well and provide an individualized approach to education wherein each pupil progresses at his orher own rate of speed in each subject beginning with reading, mathematics, and science.

We have also adopted new budgeting procedures using priority-needs system.

We have been able to establish a stability and strength to our faculty and staff which has resulted in a low turn over of personnel.

You have a fine principal, excellent teachers and staff and they deserve your enthusiastic support. They are, without exception, loyal and hard working people.

Probably you have seen the physical improvements to our school plant. If you have not, please stop by and inspect them.

Currently we are exploring additional ways of making the transition from grade to grade an easier one for our pupils, and studying other areas of our curriculum for further improvements.

On behalf of Barbara Enman Sheetz, Jefferson Leyden Sheetz and myself, I wish to thank you for the many kindnesses and courtesies you have extended to us in the two years we have been in beautiful Franklin County. We have been happy in our association with you.

Respectfully and sincerely, Kenneth H. Sheetz Supt. of Schools

To the Board of Selectmen Mr. Hugh L. Sloane, Chairman Leyden, Massachusetts

## Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Leyden for the period from October 27, 1965 to May 31, 1968, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Chief of Bureau.

Very truly yours,

Arthur H. MacKinnon Director of Accounts

Mr. Arthur H. MacKinnon Director of Accounts Department of Corporations and Taxation Boston, Massachusetts

Dear Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Leyden for the period from October 27, 1965, the date of the previous examination, to May 31, 1968, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing town funds or sending out bills for collection were examined and checked in detail.

The surety bonds of the several town officials required by law to furnish such surety for the faithful performance of their duties were examined and found to be in proper form.

Ledger accounts were compiled, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on May 31, 1968.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records of the departments collecting money for the town and with other sources from which money was paid into the town treasury while the payments were checked with the selectmen's warrants authorizing the disbursement of town funds. The cash book additions were verified, and the cash balance on May 31, 1968 was proved by actual count of the cash on hand and by reconciliation of the bank balance with a statement received from the bank of deposit.

The records pertaining to temporary loans and maturing debt were examined and checked. The loans issued were compared with the treasurer's recorded receipts, while the payments on account of temporary loans, maturing debt, and interest were compared with the amounts falling due and were checked with the cancelled securities on file.

The records of payroll deductions on account of Federal and State taxes and the county retirement system were examined and checked. The payments to the proper agencies were verified, and the amounts on hand to the credit of the town employees were listed and proved with the treasurer's records.

The savings bank books representing the investment of the trust and

investment funds in the custody of the town treasurer were examined and listed. The income and transfers to the town were proved, and the balances in the several funds were verified.

The books and accounts of the tax collector were examined and checked in detail. The tax and excise accounts outstanding at the time of the previous audit, as well as all subsequent commitment lists, were audited and proved with the warrants issued by the board of assessors. The recorded collections were checked, the payments to the treasurer were verified, the recorded abatements were compared with the assessor's records of abatements granted, and the outstanding accounts were listed and proved. The cash balance, including the petty cash advance, on May 31, 1968 was proved by actual count of the cash on hand, by reconciliation of the bank balance with a statement received from the depository, and by listing the cash memoranda.

Further verification of the outstanding accounts was obtained by mailing notices to all of the persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

It may be noted from the appended balance sheet that the outstanding tax and excise accounts date back to 1960, and it is again urged that settlement be promptly obtained of all the delinquent tax and excise accounts.

The appropriations were listed from the town clerk's records of town meetings, and the amounts voted were compared with the aggregate appropriations raised by the assessors in the computation of the tax rates for 1966 and 1967.

The records of transfers from the reserve fund were checked with the selectmen's records of appropriations.

The financial transactions of the town clerk were examined. The receipts from dog and sporting licenses were checked with the records of licenses issued. The payments to the town treasurer and to the Division of Fisheries and Game were verified, and the cash on hand May 31, 1968 was proved by actual count.

The records of receipts of the board of selectmen and of the sealer of weights and measures, as well as of the highway, public welfare, school, and library departments, and of all other departments collecting money for the town or sending out bills for collection, were examined and checked, and the payments to the treasurer were verified.

There are appended to this report, in addition to the balance sheet,

tables showing reconciliations of the several cash accounts, summaries of the tax, excise, and departmental accounts, as well as schedules showing the transactions and condition of the trust and investment funds.

While engaged in making the audit cooperation was received from the several town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

William Schwartz Assistant Chief of Bureau

### REPORT OF LIBRARY TRUSTEES

Books circulated for the past year totaled 3827, of which 2070 were juvenile and 1757, adult. 139 books were added and 116 were withdrawn.

A 3-drawer, vertical file was purchased for the librarian's use. The floor was steel-wooled and two coats of finish applied. A new lock was installed on the front door.

Mrs. Rose Koshinsky, librarian, completed two more training courses during the year. She has received her sub-professional certificate, which entitles her to be Head Librarian in any town under 2000 population.

### REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Leyden:

While it takes more than a few months to acquire the flavor of a school system, it is possible to reflect in some measure upon the spirit which prevails amongst the faculty members of the Leyden Elementary School. There is marked enthusiasm and friendliness which cannot but carry over to the student body.

While progress in education does not always lend itself to precise assessment, there are indications that progress is being made constantly, not only from the standpoint of the academic curriculum, but in other areas as well. In vocal classes, the children are becoming acquainted with tone quality, rhythm, symbols and keys. Not only are they learning new songs, but something about them. Individual band group instrumental instruction is being emphasized as a prelude to participation in the band. With the development of interest in band instruments, more concerts and participation will follow. To this end, a demonstration of various band instruments was given in October.

The physical education program places major emphasis

on physical conditioning through exercises and group activities. Fundamental skills in soccer were taught to the older pupils and a variety of activities were introduced into the lower grades. It is hoped that facilities may be provided for volleyball in another year.

The main emphasis in art is on furthering the student's experience in self-expression through working with new techniques and media. Projects worked on this year included tempera and water color painting, stick construction, clay sculpture, life drawings and ceramic mosaic tile plaques.

As we move into the decade of the 70's, one can envision change taking place more rapidly than over corresponding periods of the past. While educational facilities and programs have long been the prerogative of the local school district, the Massachusetts State Department of Education is preparing curriculum requirements which will have significant impact upon the schools. Basically, the new standards or regulation derive from the Willis-Harrington Act of 1965. The act changed the governing structure of public education and gave the state board new powers, including those to set minimum requirements. It is too early to fully appreciate what the impact of the proposed minimum requirements will be upon the local districts, other than that it will be greater on some districts than others. Until we receive more direction. however, we shall continue in our efforts to provide an educational program designed to meet the needs of children in a changing society.

I wish to take this opportunity to thank the members of the school committee for their cooperation during the short time I have had the pleasure to be associated with them.

Respectfully submitted,

Roland L. Schoepf Supt. of Schools

### REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Leyden:

The year 1970 brought with it a number of changes in staff. Miss Marie McDonald replaced Mrs. Tooley as Third and Fourth Grade teacher, and Mrs. Jane Heath took the place of Mrs. Hall.

A successful summer program was conducted under Title I of the Elementary and Secondary Education Act. Seven children participated in the project, known as "Catch-Up", and received intensive instruction in reading and arithmetic, both of which are considered fundamental to continued educational progress.

A study of census reports and grade enrollments would seem to indicate that classroom space will be adequate during the next few years, barring any unanticipated inmigration. The kindergarten class occupied the downstairs room of the addition in the fall, thus making previously-used space adjacent to the kitchen available for lunchroom tables.

The State Board of Education, in establishing minimum standards, strongly recommends that certain supportive services be provided. While it is still too soon to know fully what the impact of the proposed minimum standards will be, or how strong a stand the State Board of Education will take with regard to supportive services, the fact remains that we must strive constantly to improve the educational program in keeping with the demands that will be

made upon our young people when they assume a citizenship role.

Respectfully submitted,

Roland L. Schoepf Superintendent of Schools

### ANNUAL REPORT OF THE PRINCIPAL

To the Superintendent of Schools and the Pioneer Valley Regional School District Committee:

The year 1970 has seen many changes at Pioneer Valley Regional School. Promotional procedures have been revised; a new school attendance policy has been adopted; a school drug policy was formulated and approved; the criteria for selection of Honor Roll students has been changed, as have National Honor Society privileges and responsibilities; and new and separate eligibility requirements for student participation in extra-curricular activities have been adopted for Grades 7-8 and Grades 9-12.

The faculty now numbers 42 with the addition of a teacher to the Science Department and one to the Social Studies

Department. A part-time library aide has also joined the staff.

The school's enrollment in September 1970 was 576, eight fewer than a year ago. By December 1, the number of students had increased to 586, thirteen more than were enrolled in December of 1969.

The December 1 breakdown by class was as follows:

Grade	7	118
$\operatorname{Grade}$	8	95
$\operatorname{Grade}$	9	97
Grade	10	92
$\operatorname{Grade}$	11	88
$\operatorname{Grade}$	12	96
		586

The distribution by Town was as follows:

	Northfield	267
	Bernardston	209
	Leyden	57
	Warwick	34
*	Gill (tuition)	15
	Individuals on a tuition	
	basis from Greenfield (2),	
	Vermont (1), and New	
	Hampshire (1)	4
		586

\* Effective September, 1970, no new students from Gill are being sent to P. V. R. S. by the Gill School Committee.

The curriculum was expanded in 1970 to include a number of new courses, among them an Earth Science program for which a special laboratory was constructed with Title III funds, an Algebra I course for Grade 8, and a new U.S. History program for Grade 10. Latin, World Geography and Music Appreciation were dropped from the

curriculum due to lack of interest.

All programs of study are under review for possibl revision and updating, and five half-day in-service workshop sessions for members of the faculty have been scheduled during the year for the purpose of coordinating these efforts.

Future curriculum expansion may be restricted by space requirements, which already are a determining factor in the limited program being offered in the Industrial Arts and Graphic Arts departments.

Drug Workshops were held on two occasions for all P.V.R.S. and School Union #18 teachers, and plans have also been made to conduct special programs for the students and parents in an attempt to meet the challenge of the drug problem in this area.

Extra curricular activities at P. V. R.S. have also been expanded. A complete interscholastic sports program in football, basketball and baseball is now available to Junior and Senior High School boys. Golf and ice hockey were offered on a club basis.

The boys' varsity basketball team last spring won the runner-up trophy in the supplementary division of the Western Massachusetts Small School Tournament.

Pioneer girls compete with other Franklin County Schools in basketball, field hockey and soft ball.

The girls' varsity Cheerleaders, last spring, won three first place trophies and one second place trophy. Junior varsity and junior high cheerleading groups were organized this year.

The Student Council continued its active role in the daily life of the school. It was responsible for the planning and direction of all Homecoming Day activities, and its members were involved in a Student Exchange program with

Chicopee High School, and a Model Congress Forum at American International College.

The two student publications, PIONEER PIPELINE, the school newspaper, and PIONEER, the yearbook, both won Scholastic Press Awards for superior achievement in editing and publishing.

Dramatic activity for the year included last Fall's well-received Senior Class production of PICNIC, by William Inge, and last Spring's production of INHERIT THE WIND, by Jerome Lawrence and Robert E. Lee.

The 75 members of the Class of 1970 who were graduated last June made plans for the future as follows:

Four Year College	16
Two Year Schools	26
Work	26
Marriage	3
Short Term Schools	2
Service	2

Respectfully submitted,

William K. Decker Principal

### HEALTH REPORT

To the Superintendent of Schools and the Pioneer Valley Regional School Committee:

Physical examinations began in August with members of the football teams and will continue into the Spring, by which time all students participating in baseball, soft ball and track will also be examined.

During September, October and November, all members of grades 7 and 10 were examined, as were members of the field hockey, volley ball and basketball teams, and the cheer leaders.

An influenza clinic was held for all interested school personnel, and individual Eye and Ear tests were completed for all students.

Respectfully submitted,

Ansel B. True, M.D. Dorothy Streeter, R.N.

### REPORT OF THE LEYDEN SCHOOL COMMITTEE

New report cards, eliminating the traditional "letter grades," were adopted by all grades in the Fall of 1971. The result of many months research and study by a special Union Committee, the new cards were explained and discussed with parents in conferences that were well attended and regarded as very successful by Miss Rhodes, the principal.

Another highlight of the new school year was establishment of an enrichment program by Chairman Mrs. Gerald McCarthy and the Parent-Teachers Organization which makes use of community resources and relates them to various subjects taught in the school.

Miss Alexis Walenzik took over as kindergarten teacher in September, replacing Mrs. Jane Heath who resigned. Darwin Hine is the new Custodian.

The year also saw a new coat of red paint applied to the outside of the school, fresh paint added to the cafeteria and hall, and a storage closet for food supplies finally completed.

Gerald F. McCarthy, Chairman Edith Snow, Secretary Raymond Ainsworth, Rep. to P.V.R.S.

### ANNUAL REPORT OF THE PRINCIPAL

To the Superintendent of Schools and the Pioneer Valley Regional School District Committee:

I herewith submit my fourth annual report as principal of Pioneer Valley Regional School.

We are continuing to look at all aspects of our school in a never ending determination to be able to afford our students the best educational advantages possible. By 1972 when we are again evaluated by the New England Association of Colleges and Secondary Schools, we will have some insight into how well we are a chieving these educational goals for our students.

Space is a priority we must achieve if we are to successfully meet the needs of all our students. As a comprehensive regional school, we are not satisfying all these needs because of our lack of adequate facilities in certain areas. I urge our Facilities Sub-Committee to start action in this direction. A second P. V. R. S. School Plant Survey was presented in March 1971 to the School Committee for its consideration. To date, no long range plans have been discussed. Serious consideration must be given to the question of whether the present school plant can adequately house an educational program for the 1970's.

### Enrollment

Our school opened this September with an enrollment of 602. Our need for more classroom space and facilities continues to become more critical with each passing year. Again, this year I must mention that as far back as the 1962 Annual Report of the Principal this awareness of overcrowded and inadequate school facilities has been made known.

If we are to adequately pursue the necessary educational programs for all our students during the 1970's, we must have facilities available to implement those desired programs which a comprehensive regional school should be offering.

The class enrollments as of December 1, 1971 were as follows:

	Boys	Girls	Total
Grade 7	77	55	132
Grade 8	56	65	121
Grade 9	36	51	87
Grade 10	41	52	93
Grade 11	47	41	88
Grade 12	37	45	82
Totals	294	309	603

The enrollments by towns on December 1, 1971 were:

Bernardston	206
Leyden	58
Northfield	281
Warwick	41
Tuition	17

### Curriculum

Several new curriculum offerings were added to the program of studies for the 1971-72 school year - Algebra Y,, Introductory Physical Science, American Studies II, Business Law, Economics, French IV, Spanish IV, Drafting III, Jewelrymaking, Photography, and Sports Officiating. These courses are a mixture of full year and half year offerings.

Presently all departments are completing their curriculum studies and revisions as we are attempting to up-date all our programs of study.

The major drawback to any future curriculum increases and revisions definitely is the need for space at P. V. R.S. Again, this matter is extremely important if we are to expand our total school program to fit the needs of all our students.

### Extra Curricular Program

We feel that an extra curricular program is an integral part of a student's total school program. The number and successes of our extra curricular activities depend upon the interest of the students and the availability and training of instructors and/or advisors. We believe we have an exceptionally fine and varied program of extra curricular activities at P.V.R.S. These activities help build student morale and add greatly to the general interest of the student body.

I am deeply appreciative of the many faculty members who have given so much of their time and efforts to these activities. Their concern, dedication and leadership have added immeasurably to the values recieved by the students involved in these activities.

### Chosen Careers

The Class of 1971 made plans for the future as follows:

4 year College	28	Greenfield Comm. College	e 13
Other 2 year schools	6	Other short term schools	5
Post Graduate	1	Work	29
Service	3	Marriage	3
Undecided	4		

### In Conclusion

My sincere thanks to all for their untiring efforts in behalf of the school and its students. Please visit your school at any time and feel free to offer advice or suggestions. Again, we can only be totally successful when we are all totally knowledgeable and committed to the advantages and rewards of public education. I shall continue to lead Pioneer with my utmost dedication and concern for all. May each of us profit from having been associated with one another.

Respectfully submitted,

WILLIAM K. DECKER Principal

### HEALTH REPORTS

To the Superintendent of Schools and the Pioneer Valley Regional School Committee:

In September, thanks to the generous cooperation of Dr. Calvin W. Hartshorn, all candidates for football were given a physical examination.

During the months of October and November all members of the cross-country squads, volley ball teams, and cheer leaders as well as individuals planning to play on the winter basketball teams who had not previously been checked for a fall sport, and all pupils of grades seven and ten were examined.

In October influenza injections were offered on a voluntary basis to all members of the faculty and staff. Nineteen persons elected to receive this immunization.

The above services were accomplished with the excellent cooperation of Mrs. Dorothy Streeter, the school nurse.

Additional physical examinations will be performed as necessary on candidates for athletic teams in the spring.

Respectfully submitted,

MARVIN L. THOMPSON, M.D.

Mantoux testing for Tuberculosis was done in January for ninth grade students with parental permission.

Home Nursing was taught to senior girls through the Home Economics Department.

Eye and Ear tests were completed for all students with proper referrals made for those who failed either test.

In order for the medical and administrative personnel to best help and protect the health of the Asthmatic child, letters were sent to all parents of Asthmatic Students requesting a detailed letter from their doctor stating severity of attacks and any other pertinent information.

A questionnaire was sent to parents of students with allergies to bee, wasp or hornet stings, to be completed and returned to school. This was done to enable the nurse to properly administer emergency treatment if needed.

Many hours were spent on the Health Education Evaluation in preparation for the Evaluation of Pioneer Valley Regional School in 1972.

Respectfully submitted,

DOROTHY STREETER, R.N.
